- Participated in Noise Singapore
- Conceptualised tee shirt designs for a collaboration with Singapore Polytechnic and Ministry of Press
- Assistant Class Representative in Singapore Polytechnic
- Band Major in Commonwealth Military Band (Best Cadet)

Interests

The artsy-er one amongst my friends and family, I took up trumpet in band during my secondary school education. Equipped with just a semi-pro camera, I choose to think that I take better shots than an amateur with a DSLR. I like people-watching. It gives me further insights into current trends that could help me in my line of work.
